**...and Join us in Honoring the Memory of
Mail Carrier Tyson Jerome "T.J." Barnette**

This twenty-six year old was shot and killed at 7:20 p.m. on November 23rd while delivering mail in Prince George's County, Maryland. Barnette would never have been delivering mail after dark but for USPS mismanagement, understaffing, and the mass closings of our mail processing centers. The manufactured USPS financial crisis is the why of after dark mail delivery.

Never again can we allow the USPS to "lose a life to save a dollar."
